

A SECOND CHANCE.

A wild future.

FOUNDATION FACT SHEET / SEPTEMBER 2026

CARE THAT GOES BEYOND THE STAY.

Gravity Africa Foundation is the nonprofit leg of Gravity Africa, created to connect clients and guests with wildlife rescue and rehabilitation. The idea is simple: choose a percentage of your budget and direct that contribution towards wildlife care.

THE PURPOSE

Support the rescue and rehabilitation of sick, injured and orphaned wildlife, with a return to the wild wherever the animal's welfare and circumstances allow.

THE PEOPLE

Lodge clients, guests and business partners who want the value of an exceptional experience to reach beyond their own stay or project.

A SMALL SHARE. A MEANINGFUL CONTRIBUTION.

Illustration: a R50,000 budget x 1% = R500 towards wildlife rescue and rehabilitation. You choose the percentage. This is an example, not a payment or a pledge.

FROM CARE TO POSSIBILITY.

The Foundation's focus is wildlife rescue and rehabilitation. The following areas describe the care a contribution is intended to support; they are not claims of completed Foundation projects.

01 RESCUE

Helping wildlife reach appropriate specialist care when illness, injury or the loss of a parent puts survival at risk.

02 REHABILITATION

Supporting the patient work of recovery: veterinary attention, nutrition, suitable shelter and species-appropriate care.

03 RETURN

Supporting the goal of release into suitable habitat where professional assessment finds it safe and appropriate.
